Spring In My Step

Got the world on a platter, a star on a string,
a song in my heart and I just gotta sing.
'Cause it feels so good to say
I've got a spring in my step today.

Got the sun on my shoulders and blue in the sky.
I'm smilin' all over, it's no wonder why.
As my blues all melt away,
I've got a spring in my step today.

Winter's nearly over. Spring is on its way.
I can't help but think I've got a tiger by the ta-yay-yail.

I hear birds in the trees and they're whistlin' a song.
The bees are a-buzzin' as they hum along.
And I think I hear them say,
I've got a spring in my step today.

Winter's nearly over. Spring is on its way.
I can't help but think I've got a tiger by the ta-yay-yail.

Got the world on a platter, a star on a string,
a song in my heart and I just gotta sing.
'Cause it feels so good to say
I've got a spring in my step, a song in my heart,
got a spring in my step today.

Today!
