VIOLIN STRING ORDER SONG

What I love most about violin is

You can play some really super high notes

Your fingers are always changing, always moving

But if you want to play cool songs

You all must pay a price

To get better, you must first know what are your strings

What's on your violin?

What's on your violin?

G - D - A - E that's what's on the violin

G - D - A - E those are the strings

In case I need, one more reminder

What's on your violin? G - D, G - D - A - E
